- WBFG seeks to reduce the level of tax risk arising from its operations as far as is reasonably practicable by ensuring that reasonable care is applied in relation to all processes which could materially affect its compliance with its tax obligations.

5. Attitude towards tax planning and level of risk

WBFG manages risks to ensure compliance with legal requirements in a manner which ensures payment of the right amount of tax.

At all times WBFG seeks to comply fully with its regulatory and other obligations and to act in a way which upholds its reputation as a responsible corporate body. In relation to any specific issue or transaction, the Board is ultimately responsible for identifying the risks, including tax risks, which need to be addressed and for determining what actions should be taken to manage those risks, having regard to the materiality of the amounts and obligations in question.

6. Working with HMRC

WBFG seeks to have a transparent and constructive relationship with HMRC through regular meetings and communication in respect of developments in WBFG's business, current, future and retrospective tax risks, and interpretation of the law in relation to all relevant taxes.
